For almost 20 years, the UNC Kenan-Flagler Sustainable Enterprise program has prepared students to lead and strategically approach social, environmental and governance challenges. With innovative and wide-ranging course topics, the Sustainable Enterprise curriculum is structured to complement the functional disciplines of marketing, operations, finance, entrepreneurship and consulting. In addition, students can expect to find well-established extracurricular opportunities like conferences, speaker and networking events, competitions and experiential learning programs to further engage in Sustainable Enterprise.

| ▶ Corporate Sustainability in Global Contexts | ▶ Social Entrepreneurship |
| ▶ Strategy & Sustainability | ▶ Managing Workplace Diversity |

KEY RESOURCES

UNC KENAN-FLAGLER CENTER FOR SUSTAINABLE ENTERPRISE (CSE)

The Center assembles and shares thought leadership in research, education and best practice. Our goal is to empower business leaders in their quest for shareholder value while exercising environmental stewardship and promoting economic development and growth.

UNC KENAN-FLAGLER SOCIAL IMPACT SUMMER GRANTS PROGRAM

The Social Impact Summer Grants (SIGS) provide financial support to MBA students utilizing business skills during their summer internship within organizations that make a positive social impact. The grants will supplement the salaries of UNC Kenan-Flagler MBA students who take qualified positions using business core competencies in organizations that otherwise could not afford to pay for an MBA intern. Students will enhance the capacity of the host organization to make a long-term positive impact on the community and/or industry while also raising awareness about social and environmental impact strategies at UNC Kenan-Flagler.

UNC KENAN-FLAGLER NET IMPACT CLUB

One of the largest student clubs, Net Impact's mission is to build upon the UNC Kenan-Flagler tradition of leadership in sustainable business practices by providing students with education, opportunity and inspiration to drive social and environmental change. Our Net Impact chapter has received gold status for five consecutive years from the national Net Impact organization.

UNC KENAN-FLAGLER ENERGY CLUB

This active student group organizes networking events, case competitions and career treks to provide students with the knowledge and critical networking opportunities to secure leadership positions in the energy industry.

CAREER DEVELOPMENT

Our faculty, Career & Leadership team, Net Impact Club and the Center for Sustainable Enterprise partner to provide a variety of avenues to explore career opportunities.

Examples include:

- Workshops by renowned experts in sustainability career paths
- Various student-led career treks to visit national organizations
- Speaker events with sustainability industry leaders
- Local and global sustainable enterprise conferences

CAREERS WITH IMPACT FORUM

The Careers with Impact Forum brings a diverse range of companies to UNC Kenan-Flagler to share new ideas to MBA students interested in fostering social or environmental impact throughout their careers. The full-day event covers topics including corporate social responsibility, strategy, tech, and financing impact-oriented startups with the goal to facilitate meaningful dialogue among MBA students and corporate leaders.

UNC CLEAN TECH SUMMIT

This annual Summit brings together professionals in business, policy, and academia from across the state and region for two days of discussion, workshops, career mentoring with students, and networking to foster leadership and growth in the Southeast's clean tech industry.

NATIONAL CASE COMPETITIONS

UNC Kenan-Flagler students have the opportunity to participate in a variety of sustainability-focused case competitions including The National Net Impact Challenge, Carolina Challenge, the Nespresso Sustainability MBA Challenge, Patagonia, Smeal, U.S. Chamber of Commerce, Education Innovation Case competitions; and MIINT, the MBA Impact Investing Network & Training. Additionally, invitation only events invite teams of MBA students to represent UNC Kenan-Flagler at two premier energy case competitions—the National Energy Finance Challenge and the Renewable Energy Case Competition.

CENTER FOR SUSTAINABLE ENTERPRISE (CSE) KENAN SCHOLAR

The Kenan Institute's MBA Kenan Scholar program is the only organized research program for UNC Kenan-Flagler students. This elite group of students are recognized for their superior scholarship and genuine interest in putting academics into action and, as Kenan Scholars, have the unique opportunity to supplement their classroom learning with hands-on leadership and research experiences.

MBA FOODCON

This day-long conference connects thought leaders in food and agribusiness and MBA students from UNC Kenan-Flagler, Duke University, and North Carolina State University to create valuable professional connections while discussing pressing issues and trends within the food industry.

"At UNC Kenan-Flagler, we frame Sustainability as advanced business practice. Through our research and curriculum we emphasize innovation and entrepreneurship as cornerstones for creating business opportunity that coexists with the environment as well as with the community. It is a very positive story about how business can change the world for the better. Most importantly, it is an effort that is driven by our entire community (students, faculty, staff, alumni) and part of our core values as a business school and a university."

Al Segars

Faculty Director of the Center for Sustainable Enterprise and PNC Distinguished Professor of Strategy and Entrepreneurship

97% of CEOs believe that sustainability is important to the future success of their business.

89% say commitment to sustainability is translating into real impact in their industry.
